Professional Summary

Highly motivated and detail-oriented Information Technology graduate from the Technical University of Kenya with expertise in JavaScript, React.js, Node.js/Express, Django, Git, and Agile methodologies. Passionate about developing efficient, scalable, and user-friendly web applications. Adept at collaborating within Agile teams to deliver high-quality software solutions.

Education

Bachelor's Degree in Information Technology

Technical University of Kenya | 2025

Technical Skills

- **Programming Languages:** JavaScript (ES6+), Python
 - **Frontend Development:** React.js, HTML, CSS
 - **Backend Development:** Node.js, Express.js, Django
 - **Version Control:** Git, GitHub
 - **Development Methodologies:** Agile, Scrum
 - **Database Management:** MySQL, MongoDB
-

Projects

[Project Name]

- Developed a full-stack web application using React.js, Node.js, and Express.js.
- Implemented authentication and authorization for secure user access.

- Integrated RESTful APIs for dynamic data management.
 - Utilized Git and GitHub for version control and collaborative development.
-

Work Experience

Coding and Robotics Tutor –Elite organization <CODEHUB/> | January 2024 – Present

- Taught coding and robotics to students, fostering technical skills and logical thinking.
 - Developed engaging lesson plans integrating JavaScript, Python, and robotics principles.
 - Mentored students in project-based learning, enhancing their programming proficiency.
-

Certifications

- **Python Django Certification** – eMobilis | 2024
 - **Virtual Assistant (VA) Certification** – ALX | 2024
-

Soft Skills

- Strong problem-solving and analytical skills
 - Excellent communication and teamwork
 - Adaptability and continuous learning mindset
-

Additional Information

- Open to remote and on-site opportunities
- Actively contributing to open-source projects on GitHub
