**Professional Summary** 

Highly motivated and detail-oriented Information Technology student in the final semester at the

Technical University of Kenya, with expertise in JavaScript, React.js, Node.js/Express, Django,

Microsoft office, Git, and Agile methodologies. Passionate about developing efficient, scalable,

and user-friendly web applications. Adept at collaborating within Agile teams to deliver high-

quality software solutions.

Education

Bachelor's Degree in Information Technology Technical University of Kenya

Expected Graduation: 2025

**Technical Skills** 

• Programming Languages: JavaScript (ES6+), Python

• Frontend Development: React.js, HTML, CSS

• Backend Development: Node.js, Express.js, Django

• Version Control: Git, GitHub • Development Methodologies: Agile, Scrum

• Database Management: MySQL, MongoDB

• Office Tools: Microsoft Office (Word, Excel, PowerPoint)

### **Projects**

## Blood Bank Web App

- Developed a full-stack web application using React.js, Node.js, and Express.js.
- Implemented authentication and authorization for secure user access.
- Integrated RESTful APIs for dynamic data management.
- Utilized Git and GitHub for version control and collaborative development.

# Work Experience

Coding and Robotics Tutor – Elite Organization | January 2024 – Present

- Taught coding and robotics to students, fostering technical skills and logical thinking.
- Developed engaging lesson plans integrating JavaScript, Python, and robotics principles.
- Mentored students in project-based learning, enhancing their programming proficiency.

# Certifications

- Python Django Certification eMobilis | 2024
- Virtual Assistant (VA) Certification ALX | 2024

#### Soft Skills

- Strong problem-solving and analytical skills
- Excellent communication and teamwork
- Adaptability and continuous learning mindset

#### Additional Information

- Open to remote and on-site opportunities
- Actively contributing to open-source projects on GitHub
